

EASTBAY ASTRONOMICAL SOCIETY, INC.

10,000 Skyline Blvd., Oakland, CA 94619, www.eastbayastro.org

Founded at Chabot Observatory in 1924

October 2007

The Eastbay Astronomical Society congratulates the Mount Diablo Astronomical Society on surviving for 50 years. Very few organizations are able to outlive the economic fluctuations that cause drops in membership. This has been an amazing half-century for astronomy and space.

Best wishes for the next 50 years.

Clear Skies,
Carter Roberts
President, EAS
